- Rotary Table, Manipulator and Turning Roll
- Gas and Plasma Cutting, Gouging, Bevelling Machine
- Automatic Welding and Cutting Machine
- SMAW, MIG, FCAW and TIG Welding Machine

“  
We prioritize  
Quality, Timing  
and Safety

- Drilling, Frais, Lathe and Shaping Machine
- Office and Warehouse Container
- Coil Winding Machine
- Coil Spreader Machine
- Coil Taping Machine
- VPI Tanks
- Oven Room

# MECHANICAL ENGINEERING

Repair is a solution when non working equipment become works while modification is another step taken to make an incapable equipment even more effective. Appearance of maintenance is highly important while equipment is the heart of production.

Avoiding failures in design engineering and fabrication, we equiped ourselves with latest CAD, ANSYS and other latest related design technologies as used in International standards.

# MECHANICAL ENGINEERING

**WE DO** Fabrication, erection, modification, refurbishment, execution and maintenance of all heavy duty equipment, such as but not limited to lifting, jacking, Earth moving equipments, etc.

“ Quality is never an accident, it is always the result of high intention, sincere effort, intelligent direction and skillful execution, it represents the wise choice of many alternatives.

# ELECTRICAL ENGINEERING

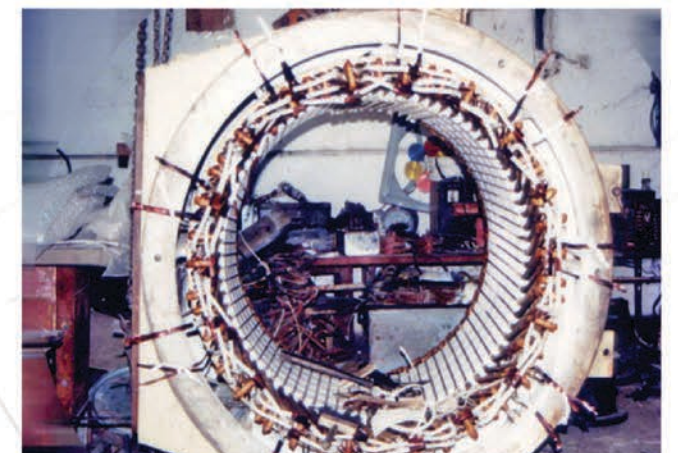

Quality is placed on top of priority when it comes to High Power. Yearly we improved ourselves with CNC Rewinding Machine, VPI Tanks & Oven Room.

**WE  
DO**

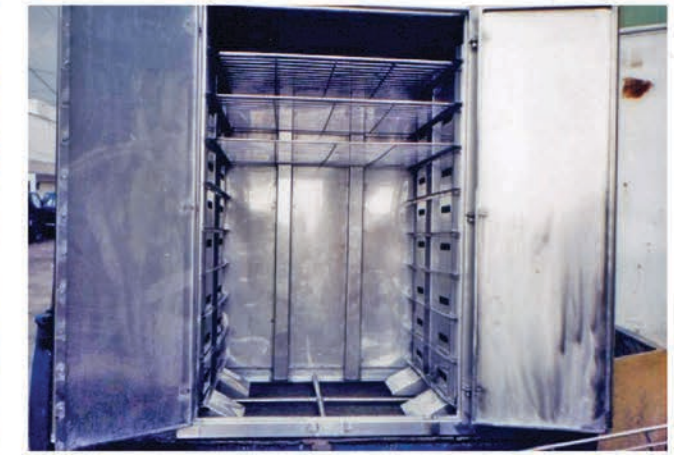

Repair: Electric motor, generator transformer up to 6KV.

Manufacture: Commutator, slip ring, brush holder, isolator and electric panel.

# INDUSTRIAL ENGINEERING

Decades of experience makes us one of few companies that utilize custom and unique solutions to provide excellent quality results. We fabricate industrial equipment custom design and concrete moulding.

# OUR TEAM

Our personnel are highly experienced as of our welders, quality inspectors, lifting operators, riggers, scaffolders are certified.

“ We are passionately committed to excellence and this is the force behind our success ”

# CLIENT TESTIMONIALS

Our clients demand high up time and quick turnaround time due to their nature of business. PT Surya Metalindo specializing in fabrication, repair and maintenance utilize large range of standard and custom tools and equipments to fulfill the requirements of each task.

Jack Lim  
Portek (Malaysia) Sdn Bhd

“ We repair and retrofit around Asia. As one of our vendors, Surya Metalindo has the most complete tool and equipment for each of our project. ”

“ It was my pleasure cooperating with you and I am glad. I found not only business good cooperation but as well friendship and people I can trust in with your company and yourself. I wish you a lot of success in the future and there is no doubt in my mind to invite you to join us in II phase ! ”

Marjan Mencinger  
Site Manager, Pelindo III Project  
Konecranes Finland

Jani Riikonen  
Site Manager RTG Cranes, TPS Project  
Konecranes Finland

“ In my years of experience, travelling around the world erecting RTG, your team work beyond expectations. Now I know who to look for when I get assignment in Surabaya. Success to you and the team. ”

Antti Halonen  
Project Manager RTG Cranes  
Konecranes Finland

“ I have received good feedback from site of your workers. Thank you for co-operation so far and hopefully we could get some daymore projects to Surabaya. This could lead to working same as done now in this project. ”
